Diamond Village June Residents’ Meeting Minutes

Date: 7/23/2021

Time: 6 – 7:30 PM

Location: Diamond Commons

No. of attendees: 21

➢ The residents introduced each other to build a sense of community feeling.
➢ We welcomed our two new Diamond Village Community Assistants and they introduced themselves to the residents. This provided the residents to know about whom they could reach out to with their questions/concerns regarding GFH during need. The CAs also got to know the residents.
➢ One of the residents complained that due to a roofing project at Diamond (for which we all received an email from Jason), the roofing materials are being stocked at the side of building 296 and it is blocking the way to the donation box for collecting clothes as the entire area is taped. So, this is a bit inconvenient to the residents who are willing to donate clothes inside the donation box. This has been reported to Kaila by me and also forwarded to MC as one of the concerns to be discussed.
➢ The proposed idea of the Mayors’ Council to expand the representative members from each village was re-iterated to know about the interests of the residents to participate.
➢ The residents were asked about sharing their ideas on upcoming community events.
➢ Residents were asked to share pictures of their gardens if it is in bloom.
➢ The residents were asked about their choice of days and time to schedule upcoming resident meetings & community events, and everyone agreed on Fridays, 6:30 – 7:30 PM. They were also asked about the choice of food for meetings that they would prefer.
➢ The Mayor and the Community Assistants addressed any other concerns residents had.
➢ The Hydration & Wellness event supplies were distributed, and the residents enjoyed the food.
➢ The meeting ended by cutting the Birthday cake by the residents who had their birthdays in the month of July.

Adjournment: 7:20 PM
